Mr. Blocker stated the tax is received by the City of Wildwood.

Bruce Hacker, Village of Charlotte, inquired if the Board was assessing an increase to the maintenance fees. Chairman Wiley advised an increase is included in the proposed budget and would be discussed further in the agenda.

CONSENT AGENDA:

Ms. Kays, Budget Director, advised the Board reviewed the budget in detail at the May 17, 2021 Budget Meeting where the Board directed Staff to include an 8% increase in maintenance assessment revenue. Ms. Kays stated the change is reflected in the Proposed Budget that has been presented to the Board. Ms. Kays advised the proposed operating budget is \$3,603,135 which is an increase of \$207,676 or 6% from the current year original budget. At this time, Staff is recommending adoption of Resolution 21-04 to approve the Fiscal Year 2021/22 Proposed Budget and setting the public hearing to approve the Fiscal Year 2021/22 Final Budget for September 13, 2021 at 3:00 p.m. at the Savannah Recreation Center.

Chairman Wiley provided an overview of the District 10 maintenance assessment history and the decision to raise the rate by 8% as information to the residents in attendance.

Vice Chairman Lieberman expressed thoughts on the 8% raise after speaking to residents and his idea of having a few smaller increases, rather than the 8% increase.

Supervisor Bradshaw stated she was in support of the 8% increase and the increase would affect her by only \$3 a month.

Ms. Kays advised with the 8% increase the smallest change would be \$21,the majority of the units would increase approximately \$30 - \$40 and the largest change would be \$90 a year.

Supervisor Boyd advised he would be in support of a smaller increase.

Mr. Blocker advised Staff provided information at the Budget Workshop in regards to a smaller percentage increase and following discussion, was directed by the Board to proceed with the 8% increase.

On MOTION by Christine Bradshaw, seconded by Steve Bova, with four (4) Supervisors voting "Aye" and Ken Lieberman voting "Nay", the Board adopted Resolution 21-04 to approve the Fiscal Year 2021/22 Proposed Budget and set the public hearing to adopt the Fiscal Year 2021/22 Final Budget for September 13, 2021 at 3:00 p.m. at the Savannah Recreation Center.

The Homesite Owner shall have the obligation to mow and maintain the unpaved area between an adjacent roadway or walkaway located in the road right of way and the Owner's Homesite. If an Owner does not adhere to this regulation, then the work may be performed on behalf of the Owner, and the cost shall be charged to the Owner.." On April 7, 2021 a complaint was received regarding the Home/Lot not kept in accordance with ARC application #68900 and on April 8, 2021 the violation was verified and a Deed Restriction Reminder was written. Ms. Dennis responded to Board inquiries.

Chairman Wiley suggested granting the owner 45 days to bring the property into compliance. Mr. Hand requested Staff assist and define what work specifically needs to be completed to bring the property into compliance. Ms. Dennis advised Staff would meet with Mr. Hand to provide further information.

Supervisor Bradshaw suggested the Order of Enforcement be extended to 60 days for compliance.

Bruce Hacker, Village of Charlotte, stated he is a neighbor of the property owner and expressed frustration regarding the appearance of the property not being in compliance. Mr. Hacker requested the time not be extended for compliance.

F. Close Public Hearing

Chairman Wiley closed the Public Hearing at 4:10 p.m.

SECOND ORDER OF BUSINESS:

Budget Review: Fiscal Year 2021/2022 Recommended

Budget

Barbara Kays, Budget Director, advised that a budget packet was provided to the Board. Ms. Kays presented a PowerPoint presentation overview of the Proposed Budget for Fiscal Year 2021/2022 and highlighted the following:

Economic Forecast

Ms. Kays advised that some considerations were taken when preparing the budgets. The Consumer Price Index (CPI) in March 2021 was 2.62% and in April it was 4.16%. The CPI can impact the cost of items. Considerations of the economy include interest rate fluctuations, COVID-19 impacts, supply chain disruptions, price increases for raw materials and the shortage of supplies, as well as the continued growth of The Villages. She advised another consideration is the minimum wage increase and how it affects the contractors and yendors.

Chairman Wiley expressed concern that the increase in costs could result in contractors coming back to the District and requesting additional money. Ms. Kays advised that the majority of District contracts pertain to landscaping, and the District's contractors are currently paying higher than the \$10 minimum wage. There is minimal impact to District staff.

Fiscal Year 2021/2022 Revenues

- The maintenance assessment levels have been kept at the same rate as the current fiscal year.
- An increase of \$45,252 has been budgeted to the Miscellaneous/Other revenue line item for unrealized gains. This is a change to the budgeting process.
- A transfer of \$167,944 has been budgeted from Working Capital to the Reserve Funds.

District 10 Expenditures

- The District's Project Wide Fund (PWF) cost allocation is \$2,084,998.
- Transfers to the Reserve Funds account for \$200,000 or 6% of the total budget.
- Professional Services account for \$385,741 or 11% of the total budget.

- Utility Services account for \$262,913 or 7.5% of the total budget.
- Repair and Maintenance expenditures account for \$525,814 or 15% of the total budget.
- Personnel & Operating services account for \$38,228 or 1% of the total budget.

Project Wide Allocation

• The PWF cost allocation is the largest line item of the District 10 budget. The purpose of the PWF is to spread the cost and risk of the common infrastructure and facilities that benefit all residents in the community. The allocation is based on assessable acreage which is the same methodology utilized for the annual maintenance assessment and bond assessment. The Fiscal Year 2021/2022 PWF cost allocation is \$2,084,998, which is a .2% (\$3,359). The District 10 assessable acreage is 1,489.04 acres which is 14.34% of the total PWF assessable acreage.

Fiscal Year 2020-2021 Expenditure Comparison

- The Repair and Maintenance line item has the largest increase of \$78,823 or 17.6% due to road rejuvenator and wall/sign painting projects, per the District's Capital Improvement Plan (CIP).
- A 5% or \$9,524 placeholder has been budgeted for Management Fees & Tech Services.
- An increase of \$8,478 has been budgeted for the District's cost allocation for Deed Compliance Services due to an increase in the number of deed restriction complaints and Architectural Review Committee (ARC) applications submitted.
- A decrease of \$37,000 has been budgeted for the Landscape Maintenance Non-Recurring line item due to completion of the plan replacement project in the current fiscal year.

Five Year Capital Improvement Plan

- Fiscal Year 2021/2022 \$134,382: \$98,480 for road rejuvenator and \$35,902 for villa wall & entry painting.
- Fiscal Year 2022/2023, \$7,928 for road rejuvenator.
- Fiscal Year 2025/2026 \$30,678 for villa wall & entry painting.
- There are currently no CIP projects scheduled for Fiscal Year 2023/2024 and Fiscal Year 2024/2025.

Working Capital and Reserve Balances

Ms. Kays advised that as part of the Fiscal Year 2021/2022 budget process, Staff is reviewing the District's Working Capital and Reserve Balances in preparation of the Board discussing the potential development of a formal policy or guidelines to establish appropriate minimum levels of Working Capital and Reserve Fund Balances. Ms. Kays advised the Governmental Accounting Standards Board (GASB) Statement 34 and 54 established and further defined fund balance categories to provide users with a better understanding of the purposes for the particular funds. Currently there are three (3) categories that are utilized:

- Unassigned: Relates to the Working Capital balance. These are funds that have not been assigned to other funds, and are not restricted, committed or assigned to a specific purpose within the General Fund, which are considered to be unrestricted funds.
- Committed: The General R & R Reserve Fund balance and Road R & R Reserve balances are considered committed, as they are to be used for specific purposes as identified by the Board, which are considered to be restricted funds.
- Restricted: The funds are restricted for capital improvements only within the specific phase (Bond Refunding).

Ms. Kays stated that each year the Working Capital and Reserve Fund balances are reviewed during the annual budget process, and advised that the initial beginning balance is based on the prior year-end audited financial statements. For Fiscal Year 2021/2022 the Working Capital estimated ending balance is \$1,256,147 and a transfer of \$200,000 has been budgeted to the General R&R. Ms. Kays reviewed the definition of Working Capital and its uses and advised that it equals the current assets less the current liabilities, which are unassigned and/or unrestricted. The Working Capital estimated ending balance exceeds the recommended four (4) months of operating revenues. The General R & R Reserve Fund estimated ending balance as of September 30, 2022 is \$3.2 million and are utilized to fund emergency/unforeseen expenditures i.e. hurricane/weather damages, depression repairs etc., to fund replacement and new capital projects for sustainability, aesthetics, technology and other criteria as identified by Board of Supervisors. It also places the District in better standing with Bond Rating agencies as they look at reserve levels when rating current and future debt.

In response to an inquiry pertaining to funding of depressions and sinkholes, Chairman Wiley advised that if a depression or sinkhole were to occur on property included on the Exhibit A, it would be repaired through the PWF; however, the decision of the numbered Districts was that reserves would not be built within the PWF, which, depending on the cost associated with the repair, a request for funds could be made from the Project Wide Advisory Committee (PWAC) to the participating Districts. Chairman Wiley stated it is the budgetary responsibility of each District to maintain its reserves at a level that can respond to a request from the PWAC, should a large expense occur.

Ms. Kays advised that a Road R & R Reserve has been created and an initial transfer of \$200,000 has been included in the Fiscal Year 2021/2022 Recommended Budget to begin building funds to address the draft Capital Improvement Plan (CIP) which includes the mill and overlay of villa roads beginning in years 11-13, with an estimated cost of \$1.7 million. Per the Pavement Management Plan costs have been identified for the rejuvenator application, which would be funded through operating revenues and/or Working Capital. Staff has reviewed Governmental Finance Officers Association best practices, and various policies for Reserves minimum levels, and provides the following options for the Board's consideration:

- Minimum reserves equal to a percentage of Net Asset Value on prior year audit: Fiscal Year 2019/2020 Net Asset Value \$5.5 million; 10% of Net Asset Value is \$550,000, 15% of Net Asset Value is \$825,000 and 20% of Net Asset Value is \$1.1 million.
- Annually transfer an amount based on a percentage of the prior year's depreciation costs of the District's assets. Fiscal Year 2019/2020 depreciation: \$3.4 million; an annual transfer of 50% would be \$1.7 million, an annual transfer of 75% would be \$2.6 million and an annual transfer of 100% would be \$3.4 million.

Ms. Kays reviewed the Working Capital & Reserve Assumptions which includes a 1.0% increase in operating expenditures and the revenues are addressed through the maintenance assessment revenue and interest income, redirection of the transfer to a new Roads R & R Reserve Fund, and includes an estimated 3% increase to the mill and overlay contract for the two (2) additional renewal periods and a 7% increase after every contract final expiration date. The 10-year CIP reflects mill and overlay costs in the following fiscal years: Fiscal Year 2031/2032 - \$169,000; Fiscal Year 2032/2033 - \$587,000 and Fiscal Year 2033/2034 - \$990,000. With the current level of maintenance assessment funding, there will

not be sufficient funds in the Road R&R Reserve to fund these projects. Additionally, budgeting the

necessary transfers to the Road R&R will result in the Working Capital to fall below the four (4) month

recommended balance in Fiscal Year 2030/2031.

Maintenance Assessments

At the Fiscal Year 20/21 May Budget Workshop, the Board provided direction to Staff to prepare

a CIP for the Board's review as part of the Fiscal Year 2021/2022 Budget Process so that a discussion

could occur pertaining to the maintenance assessment level. Ms. Kays provided a historical overview of

the maintenance assessment levels and advised that a 1% increase to the maintenance assessments results

in \$32,650 of additional revenue annually, a 5% increase would result in \$163,248 of additional revenue

annually and a 10% increase would result in \$326,495 of additional revenue annually.

Following discussion, the Board directed Staff to include an 8% increase to the maintenance

assessment level and a \$100,000 transfer into the Road R&R for the Proposed Fiscal Year 2021/2022

budget.

Debt Service Funds

Ms. Kays advised the Debt Service Fund has two phases and total expenditures.

• 2012 Assessment Bonds – Expenditure Total - \$5,632,733

• 2014 Assessment Bonds – Expenditure Total - \$5,574,294

Ms. Kays advised that Staff will request that if the Board does not have any further changes to the

proposed Fiscal Year 2021/2022 budget, change in transfer amount and proposed maintenance assessment

rate as presented, it will be approved at the June 3rd Board meeting. A public hearing will be held on

September 2, 2021 and at that time the Board will adopt the final budget and final maintenance

assessments.

Ms. Kays responded to various inquiries of the Board pertaining to the budget process.

SUBJECT: Amendment Two and Renewal Two to ITB #18B-016 with Daves Fencing

& Painting Inc. for Fencing – 2, 3 & 4 Board Installations, Repairs &

Painting

ISSUE:

Review and approval of Amendment Two and Renewal Two to the Agreement ITB #18B-016 between Village Community Development District #10 and Daves Fencing & Painting Inc. for Fencing – 2, 3 & 4 Board Installations, Repairs & Painting.

ANALYSIS/INFORMATION:

On May 17, 2018, Village Community Development District #10 Board and Daves Fencing & Painting Inc. entered into Agreement ITB #18B-016 for Fencing – 2, 3 & 4 Board Installations, Repairs & Painting with unit pricing for various types of fencing installed. On September 3, 2020, Amendment One added a one-time 3% increase in the 4th year of the Agreement effective October 1, 2020.

As a consequence of supply chain disruptions caused by the pandemic and the resulting escalating cost of lumber, Daves Fencing & Painting Inc. is currently unable to procure lumber at a fair market value for the extensive workload of the District. District staff requested and received "installation only" unit pricing from Contractor to be used when the District utilizes its procurement power to direct purchase lumber until supply chain disruptions are mitigated. District staff is requesting to amend these "installation only" prices to supplement the current Agreement.

The current Agreement expires September 30, 2021. Renewal Two extends the Agreement through September 30, 2022.

BUDGET IMPACT:

Utilizing the District's procurement power, there should be limited impact to current funds budgeted for this Agreement.

STAFF RECOMMENDATION:

Staff requests approval of Amendment Two and Renewal Two to the Agreement ITB #18B-016 with Daves Fencing & Painting Inc. to supplement the unit prices as reflected in Exhibit A and to renew Agreement through September 30, 2022.

MOTION:

Motion to approve Amendment Two and Renewal Two to the Agreement ITB #18B-016 with Daves Fencing & Painting Inc. to supplement the unit prices as reflected in Exhibit A and to renew Agreement through September 30, 2022; and authorize the Chairman/Vice Chairman to sign the Amendment and Renewal.

SUBJECT: Fourth Amended and Restated Interlocal Governmental Agreement for

Maintenance of Project Wide Improvements

ISSUE:

Review and discussion pertaining to the Fourth Amended and Restated Interlocal Governmental Agreement for Maintenance of Project Wide Improvements.

ANALYSIS/INFORMATION:

At the June 3, 2021 meeting of the Sumter Landing Community Development District (SLCDD), the Board requested Staff present the Fourth Amended and Restated Interlocal Governmental Agreement for Maintenance of Project Wide Improvements (Agreement) to all participating Districts. As indicated in the formal motion by the SLCDD Board, the Agreement as presented is being offered through August 31, 2021.

The following information is included to provide a history of the development of the Agreement and associated changes;

At the January 2021 Project Wide Advisory Committee (PWAC) Meeting, District 12 Supervisor Jon Roudabush presented the concept of establishing a second Project Wide Advisory Committee for the stewardship of common infrastructure south of S.R. 44. The PWAC directed Staff to present additional information to the PWAC and SLCDD at their March 2021 meetings.

On March 8, 2021, Staff provided a comprehensive presentation to the PWAC and SLCDD regarding the concept, which was subsequently reviewed with all parties to the existing agreement. The PWAC unanimously approved proceeding with a separate Project Wide Fund (PWF)/PWAC south of SR 44 beginning October 1, 2022. Most notably, the presentation addressed that as the continued growth of The Villages proceeds south of S.R. 44, Districts 12 and 13 are being developed with notable differences to the infrastructure, design, geomorphology and maintenance characteristics compared to the Districts located between C.R. 466 and S.R. 44.

Moreover, the SLCDD Board formally approved the concept of a PWF/PWAC south of SR 44, and directed District Counsel to begin drafting the necessary documents. The SLCDD communicated that a critical element for the success of a PWF/PWAC south of S.R. 44 is that every signatory to the current Project Wide Agreement would have to unanimously approve this new structure, otherwise, the existing Project Wide Agreement from August 2019 would remain in effect. The current agreement is in effect for eighteen (18) more years with the following participating Districts; VCDD No. 5-13, Sumter Landing

Community Development District and Brownwood Community Development District.

With concurrence from the PWAC, Chairman Don Wiley developed additional recommendations for the SLCDD to consider to further refine the development of a new agreement. The recommendations included;

- 1) Exhibit A would not be changed or amended without first obtaining the recommendation from the Project Wide Advisory Committee (PWAC).
- 2) Exhibit A to be updated with maps/graphics depicting all properties currently included Exhibit A of the Project Wide Agreement in addition to its current textual content, and any future additions shall also contain the same textual and graphical information of the properties under consideration for inclusion.
- 3) The term on the agreement should be modified to 10 years with a 10-year renewal cycle.
- 4) The content and essence of SLCDD Resolution 13-5 (PWAC Establishing Resolution) be included in the updated Project Wide Agreement. Additionally, the conflict resolution agreement (section 3) of SLCDD Resolution 17-11 should be included with these additions to the Project Wide Agreement. Resolution 17-11 shall continue to stand as written.
- 5) Annually, and as situations may require, the Chairman of the SLCDD would attend a PWAC meeting to discuss any issues or concerns and provide feedback to the PWAC concerning upcoming or pending community direction and plans.

As presented, the Fourth Amended and Restated Interlocal Governmental Agreement for Maintenance of Project Wide Improvements encompasses all of the recommendations noted above. Furthermore, VCDD No. 12 and 13, and all associated infrastructure and improvements, have been removed from the Agreement.

The Districts that would remain as parties to the Agreement include VCDD No. 5-11, Sumter Landing Community Development District and Brownwood Community Development District. The cost for maintaining the infrastructure incorporated in the Agreement will continue to be allocated based upon each District's assessable acreage. In addition to the modification of the term of the Agreement, there is also language that provides the Agreement shall automatically renew for a successive ten (10) year period unless at least one party provides notice to the other parties of an intention to non-renew or request a modification to the contract at least eighteen (18) months prior to the end of any term. With respect to assignment of the Agreement, the language provides that it may not be assigned by any party except to a governmental entity.

STAFF RECOMMENDATION:

The Fourth Amended and Restated Interlocal Government Agreement for Maintenance of Project Wide Improvements reflects a cooperative effort from all participating Districts. The modifications to the Agreement effectively release VCDD No. 12 and 13, and enhance the expectations and responsibilities of all parties. The Agreement as presented is a strong work product that District Management can confidently present to each party for review and direction.

MOTION:

Staff requests the Board review, discuss and provide direction.

As they relate to Project Wide Improvements, the resolutions provide that duties of the PWAC include monitoring and recommending pertinent and significant aspects of the project wide maintenance process, and specifically to i) review and recommend an annual budget to SLCDD, review budget to actual statements and review and recommend all capital expenditures through the budget process or outside the budget process as the need develops; ii) review and recommend all contract renewals and bid and proposal awards to SLCDD; and iii) explore significant and important issues, including but not limited to any changes or amendments to Exhibit "A" as they arise and provide advice and recommendations to the board. It is the intent of SLCDD to enact, adopt, or put into place those rules, policies, procedures and other actions of the PWAC within the scope of PWAC powers and to approve and enter into those contracts and disburse those funds necessary and proper to implement the actions of the PWAC. The resolutions provide that should the SLCDD not agree with the PWAC recommendations and if a delay will not

- 10. **MATTERS UNAFFECTED.** No right or obligation that may currently or subsequently exist respecting the parties and their relationship one to the other shall be deemed waived or otherwise affected by this Agreement unless such right or obligation is specifically addressed herein.
